Consultancy to conduct an end of project evaluation of the Survivors Speak Up Project

1. Background

Friedrich Ebert Stiftung (FES) and Regain Trust with funding from the European Union are implementing a project aimed at **strengthening National Efforts to prevent, mitigate and address GBV and LP in Namibia** by working Nationally and across 3 Regions, namely Khomas, Erongo and Omusati. **The project's duration is from the 1 May 2018 to 30 April 2021.** The overall goal of this project is to establish new, multi-faceted approaches to curb GBV and LP through holistic preventative measures and enhanced protection of survivors. The project seeks to achieve two specific objectives which are 1) Strengthen knowledge and capacity of key stakeholders (such as GRN, CSO's, Political Decision Makers) to increase the quantity and quality of prevention and protection activities to address GBV and LP and 2) Increase access to quality psychosocial support services for survivors of GBV and LP. The project seeks to work collaboratively with key and existing stakeholders working in areas to address GBV and LP. The project places GBV/LP survivors at the centre of its approaches and attempts to reflect the experiences and lessons learned from survivors. The project envisions that with increased and enhanced prevention and protection services, Namibia can move towards a reduction in the prevalence of GBV and LP.

2. Scope of Work

We therefore seek the services of a suitably qualified consultancy to conduct an end of project evaluation of the project which was implemented from 1 May 2018 to 30th April 2021.

The evaluation should;

- a) Assess the project's design, scope, implementation status and the achievement of the expected outcomes.
- b) Collate, analyse, and document key lessons learned, challenges experienced and highlight best practices during the implementation period.
- c) Assess coordination and collaborative arrangements with external partners, institutional strengthening, beneficiary participation, replication, and sustainability of the programme.

EUROPEAN UNION

This is a project funded by the European Union and implemented by Friedrich Ebert Stiftung and Regain Trust

NO MORE: Gender based Violence and learner pregnancies in Namibia

The results will ideally support the implementing partners Regain Trust and Friedrich-Ebert-Stiftung to further improve their work in the future. The Evaluation will be ideally implemented between **1 May 2021 and 15 July 2021**.

3. Requirements

- a. Showcase proof of work experience in conducting previous project evaluations.
- b. Showcase an understanding of Gender, GBV, LP, laws and policies and other issues related to GBV and LP.
- c. Relevant tertiary qualification (Master's Degree in Public Health, Social Sciences, Statistics, or related field).

4. Application Process

Interested parties should submit the following documents:

- a. Detailed proposal including workplan
- b. Budget
- c. CV's and/or portfolio
- d. Letter of recommendation

Applications or queries should be forwarded to Regain Trust at info@regain-trust.org

Deadline for submission of applications is on **16th April 2021**.
